
SELLER TIP 1
SELLING? KNOW YOUR NET.
YOUR PRICE ISN'T YOUR NET
What you walk away with is the price minus your loan payoff, closing costs and anything you agree to give. Here's how I recommend estimating it before you list.

SELLER TIP 2

REQUEST YOUR PAYOFF EARLY

- Your payoff isn't the balance on your statement. It's what it takes to pay the loan in full on a specific date
- Your servicer must send it within 7 business days of a written request, with limited exceptions
- Under NC Form 2-T, loans and liens, like a home equity line, are paid at or before closing

SELLER TIP 3

PLAN FOR TRANSFER TAX

- NC excise tax: $1 per $500 of the price, paid by the seller. That's $800 on a $400,000 sale
- SC deed recording fee: $1.85 per $500, the seller's responsibility. That's $1,480 on a $400,000 sale
- Both are paid at closing from your proceeds

SELLER TIP 4

EXPECT PRORATIONS

- Under NC Form 2-T, property taxes are prorated on a calendar-year basis
- You're responsible for taxes and HOA dues through the settlement date
- Already paid this year's tax bill? Ask how it shows up on your settlement statement

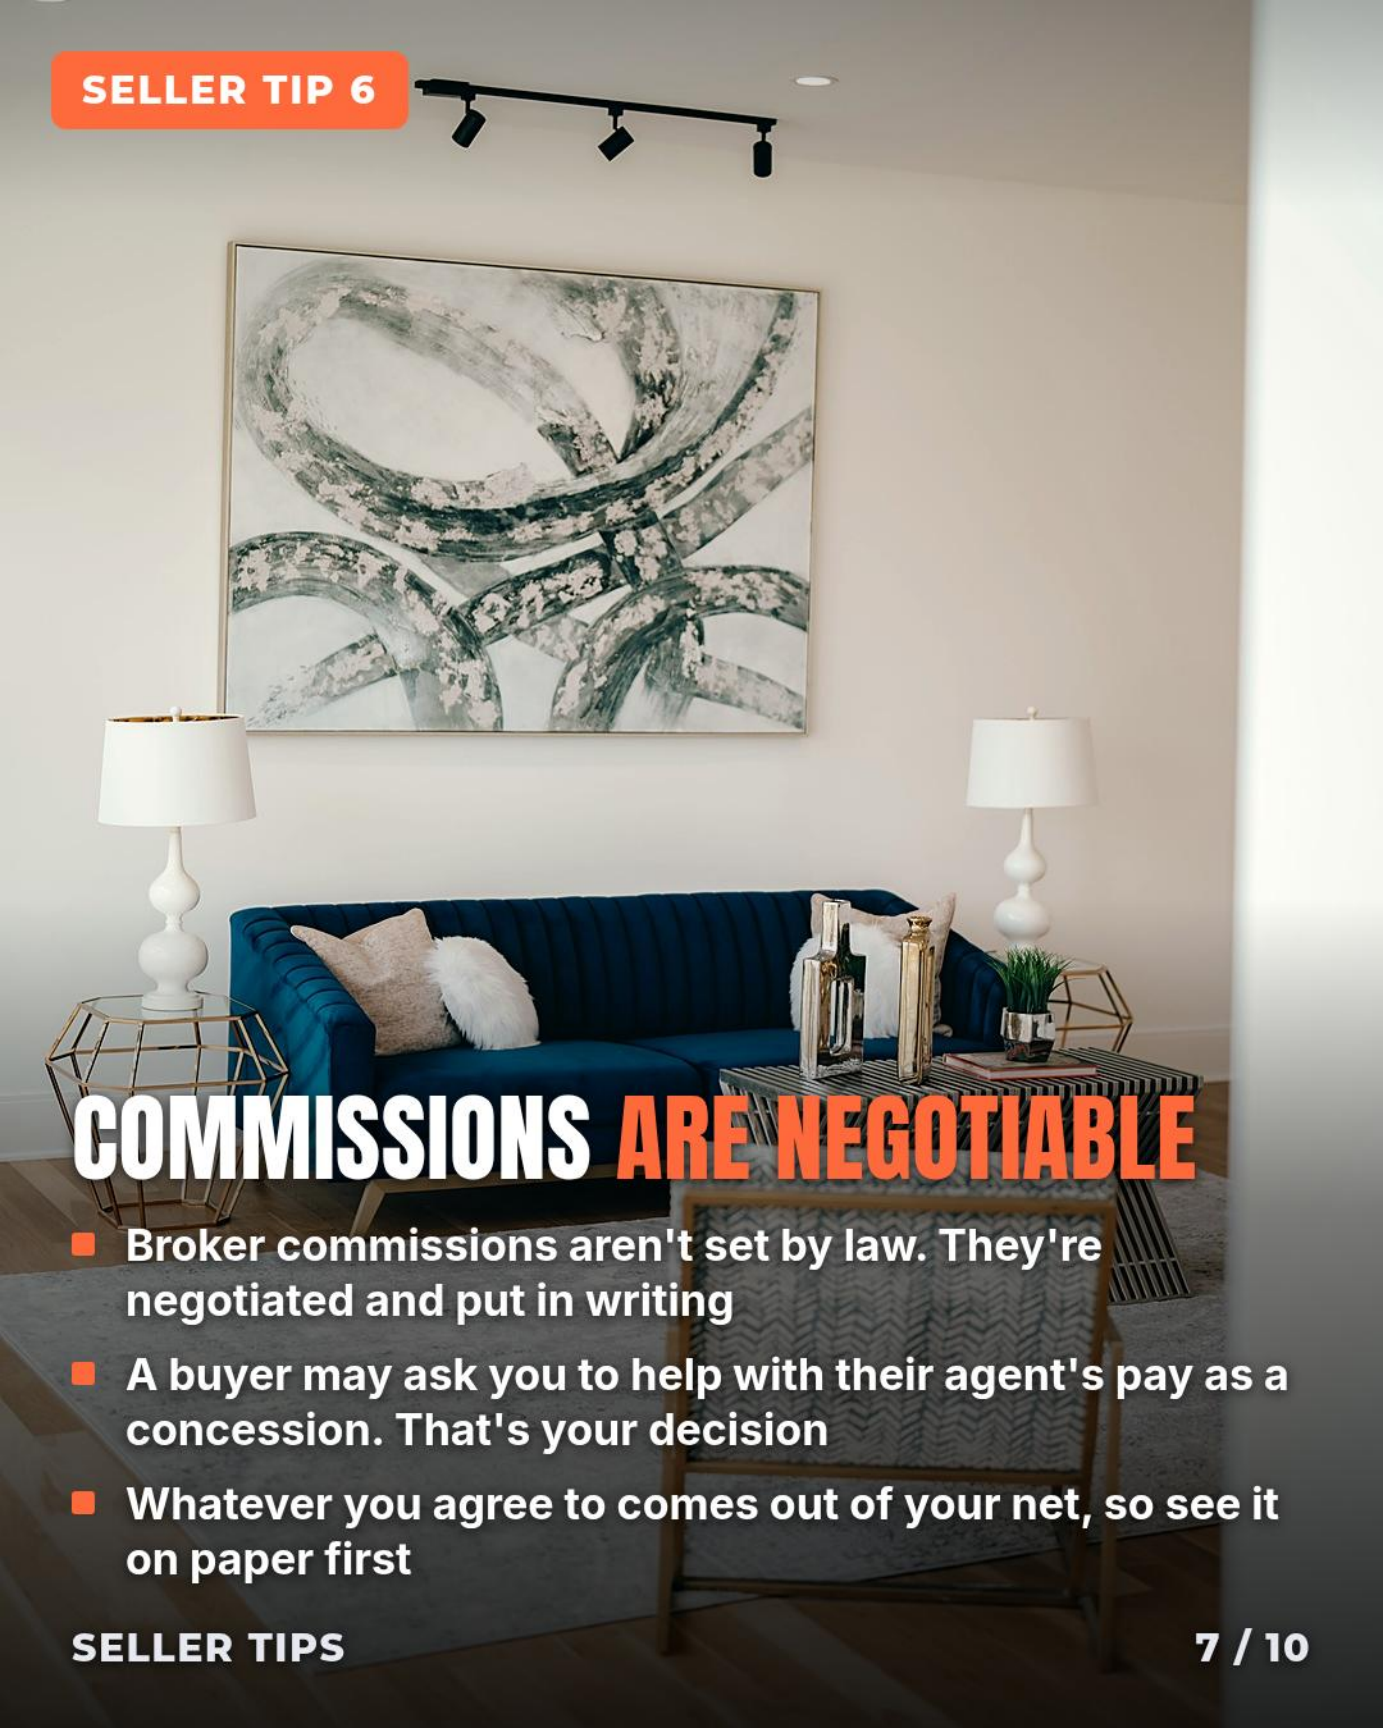

SELLER TIP 5

ASK ABOUT HOA FEES

- If you have an HOA, ask early for its list of resale and transfer fees
- Under NC Form 2-T, sellers pay for resale certificates, payment-status letters and ownership transfer fees
- Buyers pay for lender questionnaires and move-in or working-capital charges

SELLER TIP 6

COMMISSIONS ARE NEGOTIABLE

- Broker commissions aren't set by law. They're negotiated and put in writing
- A buyer may ask you to help with their agent's pay as a concession. That's your decision
- Whatever you agree to comes out of your net, so see it on paper first

SELLER TIP 7

COUNT REPAIRS AND CREDITS

- Repairs you agree to after inspections are part of your cost to sell
- So is any closing-cost help or home warranty you agree to pay for
- Under NC Form 2-T, a seller-paid home warranty is paid at Settlement

SELLER TIP 8

KNOW THE TAX RULES

- Selling your main home? You may be able to exclude up to $250,000 of gain, or $500,000 filing jointly
- Generally, you must have owned it and lived there 2 of the last 5 years
- Get a Form 1099-S? Report the sale even if the gain is excluded. A tax professional can help

MY RECOMMENDATION

GET A NET SHEET FIRST

I recommend a written estimate of your net before we set your list price, because it shows the number that matters before you decide. Let's run yours together.
